## President's Message

Greetings to all of our Fiddle Family,

The CSOTFA State Fiddle Championships in Lodi last month were very successful, although lightly attended. The fact that they were held on Easter weekend or may not have had something to do with that.

The CSOTFA Board and Officers held a Zoom meeting on May 3. In addition to reviewing the contest, most of the meeting was spent discussing the state of the CSOTFA Association. We are experiencing a significant drop in membership, and as a result, the Board passed two standing rules to amend our Bylaws:

1) We are creating a Member at Large category, where a person does not have to become a member of a specific district. Among other things, this will facilitate membership from out of state members. They will pay dues directly to the State Treasurer and will send membership forms directly to the State Membership Chair;

2) We are removing the requirement for a minimum number of members for a District to remain viable. Several of our Districts have shrunk below the minimum of 25 members, but we want to ensure all who are interested in membership in the CSOTFA are welcome to join the organization.

In continuing our discussion about the decline in membership, we formed a subcommittee which will meet and brainstorm ideas. We encourage anyone who has any suggestions, to please contact your Director, or send your suggestions directly to me.

Fiddle Contest season is in full swing. Tex and I attended the Nevada State contest a week and a half ago and experienced the high desert's idea of spring when we got snowed on as we were packing to come home. I know many of you will be attending the National Oldtime Fiddlers' Contest in Weiser, ID beginning Father's Day weekend. I also believe that several of our fiddlers will be attending as Certified contestants having won their division at the Western Open, CSOTFA Contest, or Nevada State Contest. Good luck to all of you. We know you'll have a good time, wherever you find the opportunity to share your music.

Life Filled with Music: Reflections on More than 50 Years in the Old Time Fiddlers

by Jim Ward, District 1

Growing up there was always music being played in our home, either on phonograph, radio, reel-to-reel tapes, someone practicing, or a jam session. I didn't become interested in playing the fiddle until around the age of 12 when I learned you could make money with it. I watched my brother, Scott, and my dad, Doug, place and win in contests, and money was part of the award. Out of my other four siblings, my two sisters played a little on the piano, my oldest brother played the guitar, and my other brother, who was a couple of years older than I, just played the radio!

Jim Ward playing at a District 1 jam

The first contest I entered was in Folsom in 1972. I placed 3<sup>rd</sup> and won \$5. Over the years, I've played contests in 6 western states including California. I placed in some but never won first place. I've entered and placed in Oroville, Auburn, Covelo, Madera, Redding, and Georgetown contests, to mention a few. Although I have been to Weiser many times during the Nationals, I never entered but jammed all night some days during the event. Jam sessions were a big part of growing up. It

seemed there was always a jam at least twice a month at someone's house, either for someone's birthday, anniversary, holiday, BBQ, or a special guest(s), such as state fiddle champions Loyd Wanzer, Virgil Evans, or Bill Yohey. Jams were held at District 1 founding members' homes. Ray Giles, a renowned fiddler, lived in Yankee Hill; the Mitchells in Concow played bass

and tenor banjo; the Chrismans in Bangor played mandolins; Wayne Wagner played the harmonica; Floyd Chilton built the fiddle I play now; and Aaron DeCamp, an Arkansas fiddler and longtime guitar player and backup for my dad.

I remember one summer when we vacationed in Silverdale, Washington, off Puget Sound, visiting my dad's mother, sister, and brother. My dad's sister Dolores was married to Texas fiddler Glenn Berry, a major influence on fiddlers in Western Washington. He held big jam sessions along with his friends Marty Dahlgren, a western swing, country and square dance fiddler, and Benny Thomasson, another Texas fiddler, during our visits. I was influenced by a lot of the people I have mentioned and learned a lot of tunes from. I really don't have a "per se" style of fiddling, but over the last 53 years playing music, some key fiddlers who made an impression on me were Howdy Forester, Texas Shorty, and Junior Daughtry. For Bluegrass, there were the Skillet Lickers, Possum Hunters, and the Dillards. For progressive Bluegrass, David Grisman, Rhonda Vincent, and Johnny Staats have influenced me the most.

I played in a couple of bands that played country to country rock on weekends in the early '80s – mostly top 40s charts. One band could never agree on a name, but it was run by Oly Gramps, a steel guitar player, and I always considered it his band. In 1988-89, I played in a Bluegrass band, Black Rock, when I worked up in Oregon. I have been graced by having the chance to jam a little with some great entertainers like Ricky Skaggs, Marty Stuart, Willie Nelson, and Merle Haggard. Although I don't play as much as I once did, and there aren't as many contests or events as there once were, I am glad there are still a few going, and grateful for District 1 and other districts' jams, as well as the youngsters joining our organization to help perpetuate it forward. I love fiddle music and I'm always learning and trying to improve my craft, playing with things made of wood and wire!

District 8 Celebrates Extraordinary Contributions

by Sid Brown

We had an extraordinarily tightknit and capable Board last year headed by the talented Debby Finley Delamore. She is just a ball of fire, a talented musician, plays several instruments, sings, and is a lawyer (retired) which helped in the negotiations with the county. She is shown to the right receiving the prestigious Huffman award at the Holiday dinner for her seemingly tireless energy and work to keep everything running smoothly.

Her biggest accomplishment was to guide the board to solve the rent increase riddle. This was a big deal! For the last 40 + years we have been renting the Oak View Community Center for 22 Sundays each year for \$900, an extremely reasonable price. We all knew the rent was going to go up sooner or later, but the county wanted to raise the rent to \$3300 a year. This was of course way more than we could afford. Debbie and the board spent hours working on this, surveying alternate venues, meeting with the county representatives, and justifying a lower price. At the annual BBQ the membership was given three alternatives. Most of the membership voted to stay in Oak View and to pledge to come up with the extra cash. The donation requests went out shortly after that by email and much to everyone's surprise, we raised more than enough. In the meantime, Debby, Joe Johnson, and Barbara Kennedy had negotiated the county into a reduced price of \$2500 a year for at least the next 2 years. Bottom line according to Joe Johnson, our treasurer, we have enough to pay the rent for the next three years!
